### Philosophy

Our goal at St. John Brebeuf is to provide a nurturing Christian environment where every child can grow. Our educators use a “learn through play” philosophy which gives children the opportunity to discover, explore, problem-solve and build assurance. This model of development is accomplished using a variety of age appropriate activities. Along with parents, we encourage and celebrate the physical, emotional, cognitive, social and spiritual growth of each unique child.

### Curriculum

SJB’s Preschool curriculum is based on the Illinois Early Learning Standards and is designed to give early learners a background in cognitive and sensory experiences, pre-reading and math skills, small and large muscle skills, emotional and social skills all while learning through play.

### Multi-Classroom Experience

SJB preschoolers get to enjoy a multi-classroom experience with music lessons from Miss Urban in our instrument-filled music room and movement classes in our gymnasium with Mrs. Willert.

### Preschool Extended Day

After a busy morning in preschool, the children in the Extended Day Program will enjoy a more leisurely and relaxed atmosphere. The children eat lunch together, relax for a short rest/story time period, then have fun in interest area choice time and outdoor recess.

### New 3’s Program

St. John Brebeuf offers a class for children who turned three after the September 1, 2012 deadline for the regular 3 year old program. Classes begin January 2013.
